---

Irish Water Safety has developed a course that incorporates all aspects of the Aquatics Strand - called PAWS (Primary Aquatics Water Safety). Aquatics is a component part of the Physical Education Strand of the Primary School Curriculum.

This programme was specially tailored for primary school pupils and is exclusive to schools. Schools now have the opportunity to be part of Irish Water Safety's fastest growing programme. Teachers have the ability to certify their pupils with nationally recognised awards from our programme that is recommended by the Department of Education and Science.

Teachers can take their class through the first three awards without going near water - Land PAWS 1, 2 and 3. These awards consist of theory of water safety - safe swimming, safety on the farm, safety on open water etc. The awards become more detailed as the pupils progress (Land PAWS 2 and 3) - simulated rescues on land, e.g. throwing a rescue rope into a designated area. Land PAWS 1 can be taught within four thirty minute sessions, within the class room. Land PAWS 2 & 3 Can be taught within 6 thirty minute sessions.

National PAWS Certificates are issued free of charge from Irish Water Safety, the statutory voluntary body established to promote water safety in Ireland.

Through PAWS pupils not only learn how to swim they also learn to understand and appreciate the water. They also have fun through the water-based games that are involved in the programme. After completing the PAWS Programme pupils will have the ability to swim, interact with others, and most importantly be responsible around water. As with normal Swimming Lessons children learn how to swim with PAWS but they gain so much more with this programme. Aspects covered in the PAWS Programme range from Water Safety Knowledge to Survival Skills to basic Rescue Skills.

This login information you have received today allows you to order certificates for the PAWS programme as you complete the course. This information can only be used by your school and not by any other school.

If you require further information contact our education page <http://www.iws.ie/education.261.html> . Our resources can be accessed on <http://www.iws.ie/consumer-alert-notifications/news-archives.263.html> .

If you require a PAWS resource pack, please feel free to contact our Education Development Officer at [oisinfoden@iws.ie](mailto:oisinfoden@iws.ie) .

Kind regards,

From all at Irish Water Safety.
